

2240 BC

Egypt
(Pepi II was just 8)

Came in splendor toward the
royal court at Memphis, provincial
Governor HARKHUF escorted a
caravan of booty from beyond Egypt's
borders.

Returning from YAM about 2240 BC
HARKHUF brought 300 donkeys bearing
elephant tusks, panther skins, ebony
and incense but it was the PYGMY

that pleased Pharaoh Pepi II the most.
Probably his mother & brother were the
power.
